Subscriber further agrees to allow Company to remove any prior-installed alarm equipment which in the opinion of the Company may interfere with the installation and/or maintenance of Company's system, whether such removal is required at the time of initial installation or at any time thereafter. All signals are transmitted over telephone company leased lines and/or radio band, which are wholly beyond the control and jurisdiction of Company, and which are maintained and serviced by the applicable telephone company or utility. Wiring (if any), for system will be of non-plenum type, and Company does not represent that: all wiring installed in the premises of Subscriber will be concealed or be installed in conduit, unless specified otherwise herein.

2. ERRORS IN INSTALLATION: Errors or omissions in installation of said system, including but not limited to failure to wire points of equipment, shall be called to the attention of Company by Subscriber in writing within five(5) days of completion of the installation. Upon the expiration of the five(5) day period, the installation and the equipment shall be deemed accepted by Subscriber.

3. AUTHORIZED PERSONNEL: Subscriber agrees to furnish to Company forthwith a list of the names, titles, addresses and phone numbers of all persons authorized to enter the premises of the Subscriber. Such persons shall be supplied by Company with a code number or word. Subscriber agrees to furnish to Company forthwith an authorized daily and holiday opening and closing schedule in writing, if commercial. All changes, revisions and modifications to the above shall be supplied to Company, in writing.

4. OFF-PREMISES MONITORED ALARMS: Company, upon receipt of an alarm signal from the Subscriber's premises, shall make every reasonable effort to transmit the alarm promptly to the headquarters of the police, guard or the fire department having jurisdiction, unless there is just cause to assume that if an emergency condition does not exist, and then Company shall make a reasonable effort to notify the Subscriber or his designated representative by telephone, unless instructed to do otherwise by the Subscriber, in writing.

5. SUBSCRIBER'S RESPONSIBILITY: Subscriber shall carefully and properly set the system immediately prior to the closing of the premises and carefully test the system daily during the term of this Agreement. In the event any defect in the operation of the system develops, Subscriber shall notify Company and Company will repair such defective condition as soon as reasonably possible after receipt of notice from Subscriber. Company's excuse from performance will not affect Company's right to recover damages from Subscriber. In the event a fine, penalty or fee shall be assessed against Company by any governmental agency as a result of any false alarm originating from Subscriber's premises, Subscriber agrees to reimburse Company for payment of the said false alarm fine, penalty or fee. In the event Company shall dispatch an agent to respond to a false alarm originating from Subscriber's premises, where Subscriber intentionally, knowingly, or negligently activates the alarm system and no emergency condition exists, then and in that event, Subscriber is to pay Company the sum of minimum applicable hourly rate at the time of the false report.

Removal of the equipment or other items by Company shall not constitute a breach by Company of this Agreement or a waiver of Company's right to damages to which it may be entitled under the terms of this Agreement or other provisions of law.

10. SUSPENSION OR CANCELLATION OF THIS AGREEMENT: This Agreement will be suspended, upon the occurrence of any such event, without liability or penalty, in the event the Company's Central Station connecting wires, radio repeater/tower, or other equipment are destroyed by fire, other catastrophe or by any other means, or is so substantially damaged that it is impractical to continue service; or in the event that Company is unable to either secure or retain the connections, licenses, or privileges necessary for the transmission of signals between Subscriber's premises and Company's Central Station or between the Public Police, Guard and Fire Departments, or for any other reason whatsoever. Company, at its option, may reinstate or cancel this Agreement.

All installations, inspections, repairs and tests which may be required on the part of the Company shall be performed between the hours of 8:00 A.M. - 5:00 P.M. on normal business days.
